

Launch your own Rug Business with Rug Designer

If you are into Design, why not launch your own Rug Business (from £1350). We'll manufacture the rugs and sell them through our website. You can earn up to 30% commission on every sale we make.

We'll also act as your manufacturer if you already have a customer base, giving you competitive costs per square meter, and a great service. We'll even deliver the product to your customer's doorstep anywhere in the world.

How the money side works:

- * Minimum of 4 designs required, and up to as many as you'd like
- * We charge £300 per rug (based on 1.2 x 1.8 meter size), we can price up other sizes, and shaped rugs if required.
- * Our interactive on-line design tool, which allows customers to re-shape and re-colour any design live on line, is available to your customers at a cost of £150 per design.
- * All designs can be sold in any made-to-measure size up to 17 meters long and 6 meters wide, and in any combination of the 48 colours we have in stock.
- * 30 x 30 cm swatches can be made at £25 per swatch, or 50 x 50 at £35 per swatch.
- * £150 set up fee

See link to the page you'll be featured on:
